and the rush in the hall.
it's green and white;

Superintendent's Message

MR. J. HENRY PERRY

I would like to congratulate the seniors of 1964. You have made a fine record in Pleasanton High School. Many of you have been outstanding students in various areas. We are happy to award you a diploma and yet sad to see you go.

The Annual Staff is deserving of a great deal of credit for the many hours of work that have gone into our annual. This is a thankless job, but one you can look on with pride.

We have had a successful school year, and all of us are looking forward to beginning a new year in September. I feel sure the oncoming classes will strive to do their upmost for themselves and for the school.

In Memory

Walter Allen Pursch, then a Senior, was an example to us when we were young Freshmen.

He was a boy who was respected greatly by all the student body. He was voted Class President, Most Likely to Succeed, Most Dependable, and Best Citizen. He was awarded Best All-Around Boy, and the coveted Plaque Award for scholarship, loyalty, and achievement.

His ambition was to become a doctor and to serve others. He lived only twenty-one years, but those years were full of meaning and the happiness of living.

Dr. and Mrs. U. B. Ogden were a vital part in our community life.

He served many years on the school board, a job that requires a lot of work but gives very little praise.

He worked hard as a doctor, and he enjoyed his life of constantly giving his service to mankind.

The Ogdens will be missed greatly in our community and in our school.

- and the glow from that fire can truly light the world.

John F. Kennedy, the 35th President of the United States, was inaugurated on January 20, 1961, our Freshman year. He was taken from us on November 22, 1963, our Senior year.

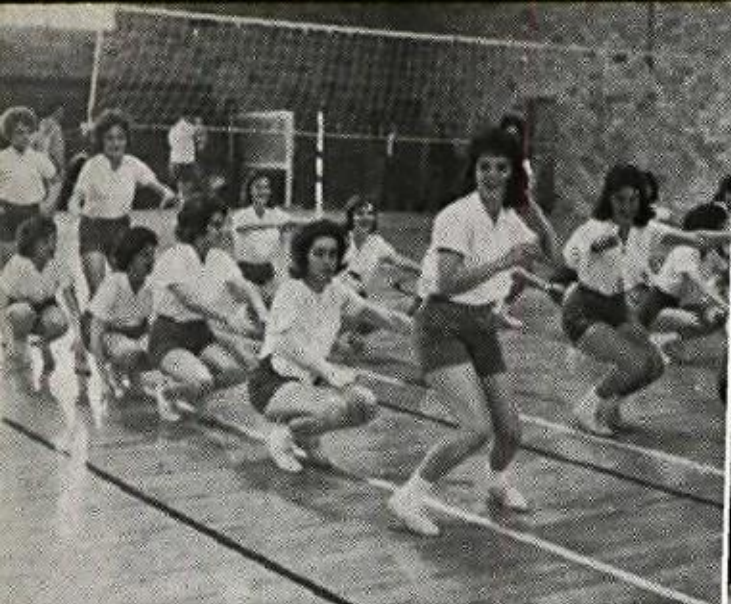

He is a symbol of courage, strength, and wisdom. He was a great man and a great president. He made us aware of our country and of our great heritage.

"Ask not what your country can do for you - ask what you can do for your country."
